Our work aligns people, processes, education, technology, communication, and measurable performance outcomes. We help organizations strengthen training systems, improve operations, develop staff capacity, support leadership goals, and deliver mission-focused results.  <i>Delivering exceptional resources to world-class organizations while producing extraordinary results.</i>  <hr/> <b>CORE COMPETENCIES</b> * Professional and management development training * Administrative and general management consulting * Education and training program development * ESP / English for STEM / English for Medical Professionals * Workforce development and organizational training * Leadership development and staff training * Project and program management support * Business process and workflow optimization * Communication strategy and cross-cultural consulting * Research, reporting, and technical writing support * Seminar, workshop, and curriculum design * Online, hybrid, and in-person training delivery  <hr/> <b>CAPABILITIES</b> * Business strategy consulting      * Business process improvement * Workflow optimization              * Program and project management * Risk and change management      * Workforce management * Training needs assessment         * Curriculum and instructional design * Faculty and staff development      * Supply chain management support * Application management             * Post-implementation support * Technology, analytics, and reporting education      * Strategic planning * International and cross-cultural program support      * Organizational change  <hr/> <b>DIFFERENTIATORS</b> * U.S. and international service capability for U.S. military and Japan requirements * Experience with federal, military, university, healthcare, and international organizations * SAM registered with active federal identifiers * Experience with military, veterans, spouses, and international personnel * Veteran-supportive hiring and workforce development * Experience in education, training, leadership, and cross-cultural communication * In-person, hybrid, and online training support * Experience with Japanese nationals and multicultural teams * Responsive service, competitive pricing, and timely completion

**CONTRACTING HIGHLIGHTS / RELEVANT PAST PERFORMANCE****U.S. Department of State - English Language Specialist Program | Kobe / Osaka, Japan**

Delivered in-person English for Specific Purposes teacher-training programs for STEM and medical faculty supporting AI, supercomputing, and research communication initiatives. Supported Kobe University Faculty of System Informatics and Osaka University medical faculty in strengthening English-medium instruction, international research communication, and professional academic collaboration. Conducted needs assessments, designed workshops, provided faculty consultations, and developed reusable instructional tools for post-program impact.

**U.S. Marine Corps University / MCB Camp Butler - Okinawa, Japan | Senior Enlisted Blended Seminar Program**

Provided communications instruction and academic support for senior enlisted military personnel through the Senior Enlisted Blended Seminar Program. Supported professional military education objectives by strengthening communication, leadership, writing, critical thinking, and professional development skills for military learners.

**University of Maryland Global Campus**

Provided educational and leadership instruction supporting active-duty military service members, veterans, military spouses, and families. Delivered instruction related to planning, organizing, leading, controlling, ethics, social responsibility, globalization, innovation, leadership development, and IT management.

**Abu Dhabi Education Council - United Arab Emirates Government**

Managed and supported teacher-training efforts aligned with national education goals. Supported training for 20+ teachers per school and contributed to educational improvement through seminars, workshops, mentoring, English language training, Key Performance Indicator analysis, student achievement testing support, and new student orientation coordination.

**Information and Networking Technologies Laboratories - Japan**

Consulted with major corporations including Panasonic, Toyota, Mitsubishi, Sony, Aisin Seiki, and Casio in international business strategy, diversity, equity, workforce development, hiring through training, program development, and executive communication. Advised HR and executive leadership on expatriate training programs involving business communication, presentations, negotiation, and cross-cultural professional development.
